Subject: Lake Huron Water Supply

Commissioner Wright -

In April of this year, you gave a presentation to our Board of Commissioners regarding the Karegnondi Water Authority. During that presentation, our Board expressed interest in becoming a member of the Water Authority in order to secure the ability to purchase water in the future, should the need arise.

I am now attempting to obtain information to move forward with the process. Can you please advise the steps we need to take? I am aware that each of the member agencies who have already adopted articles of incorporation must approve our involvement.

Any information or assistance you could provide would be greatly appreciated.

Thank you,

Kristine M. Morris
